

From Obstacles to Opportunities.

There are over 30,000 vacant properties in Baltimore. We're working with communities throughout the city to turn some of those vacant lots and buildings into assets for a brighter future.

What's the plan? You tell us.

We need you to come and share what's most important to you, what YOU want to see. Playgrounds, gardens, food markets, opportunities for small business. This process is powered by your imagination.

A Plan Powered by Your Ideas.

Share your ideas so we can take action together. What you tell us will directly impact how money is spent and what happens on the ground. Be a part of The Green Network Plan and help us connect it all together so our neighborhoods can flourish and thrive.

Green Network Plan Meeting – East

Wednesday, November 16
 6:00 pm – 8:00 pm
 American Brewery Building
 1701 North Gay Street

or

Green Network Plan Meeting – West

Wednesday, November 30
 6:00 pm – 8:00 pm
 Lillian Jones Recreation Center
